Profile Summary

Front-End Developer with hands-on experience in building responsive, user-focused websites using HTML, CSS, JavaScript, and React. I bring an extra edge of creativity from my background in brand design and content strategy. My role in managing digital campaigns and client outreach for a logistics company has sharpened both my communication and design intuition. Currently applying my skills in real world projects and eager to grow in modern web technologies.

Technical Skills

- HTML, CSS, Tailwind, JavaScript
- React.js
